Social Media Goals and Objectives

INCREASE QUALIFIED CONSULTATION BOOKINGS FROM INSTAGRAM

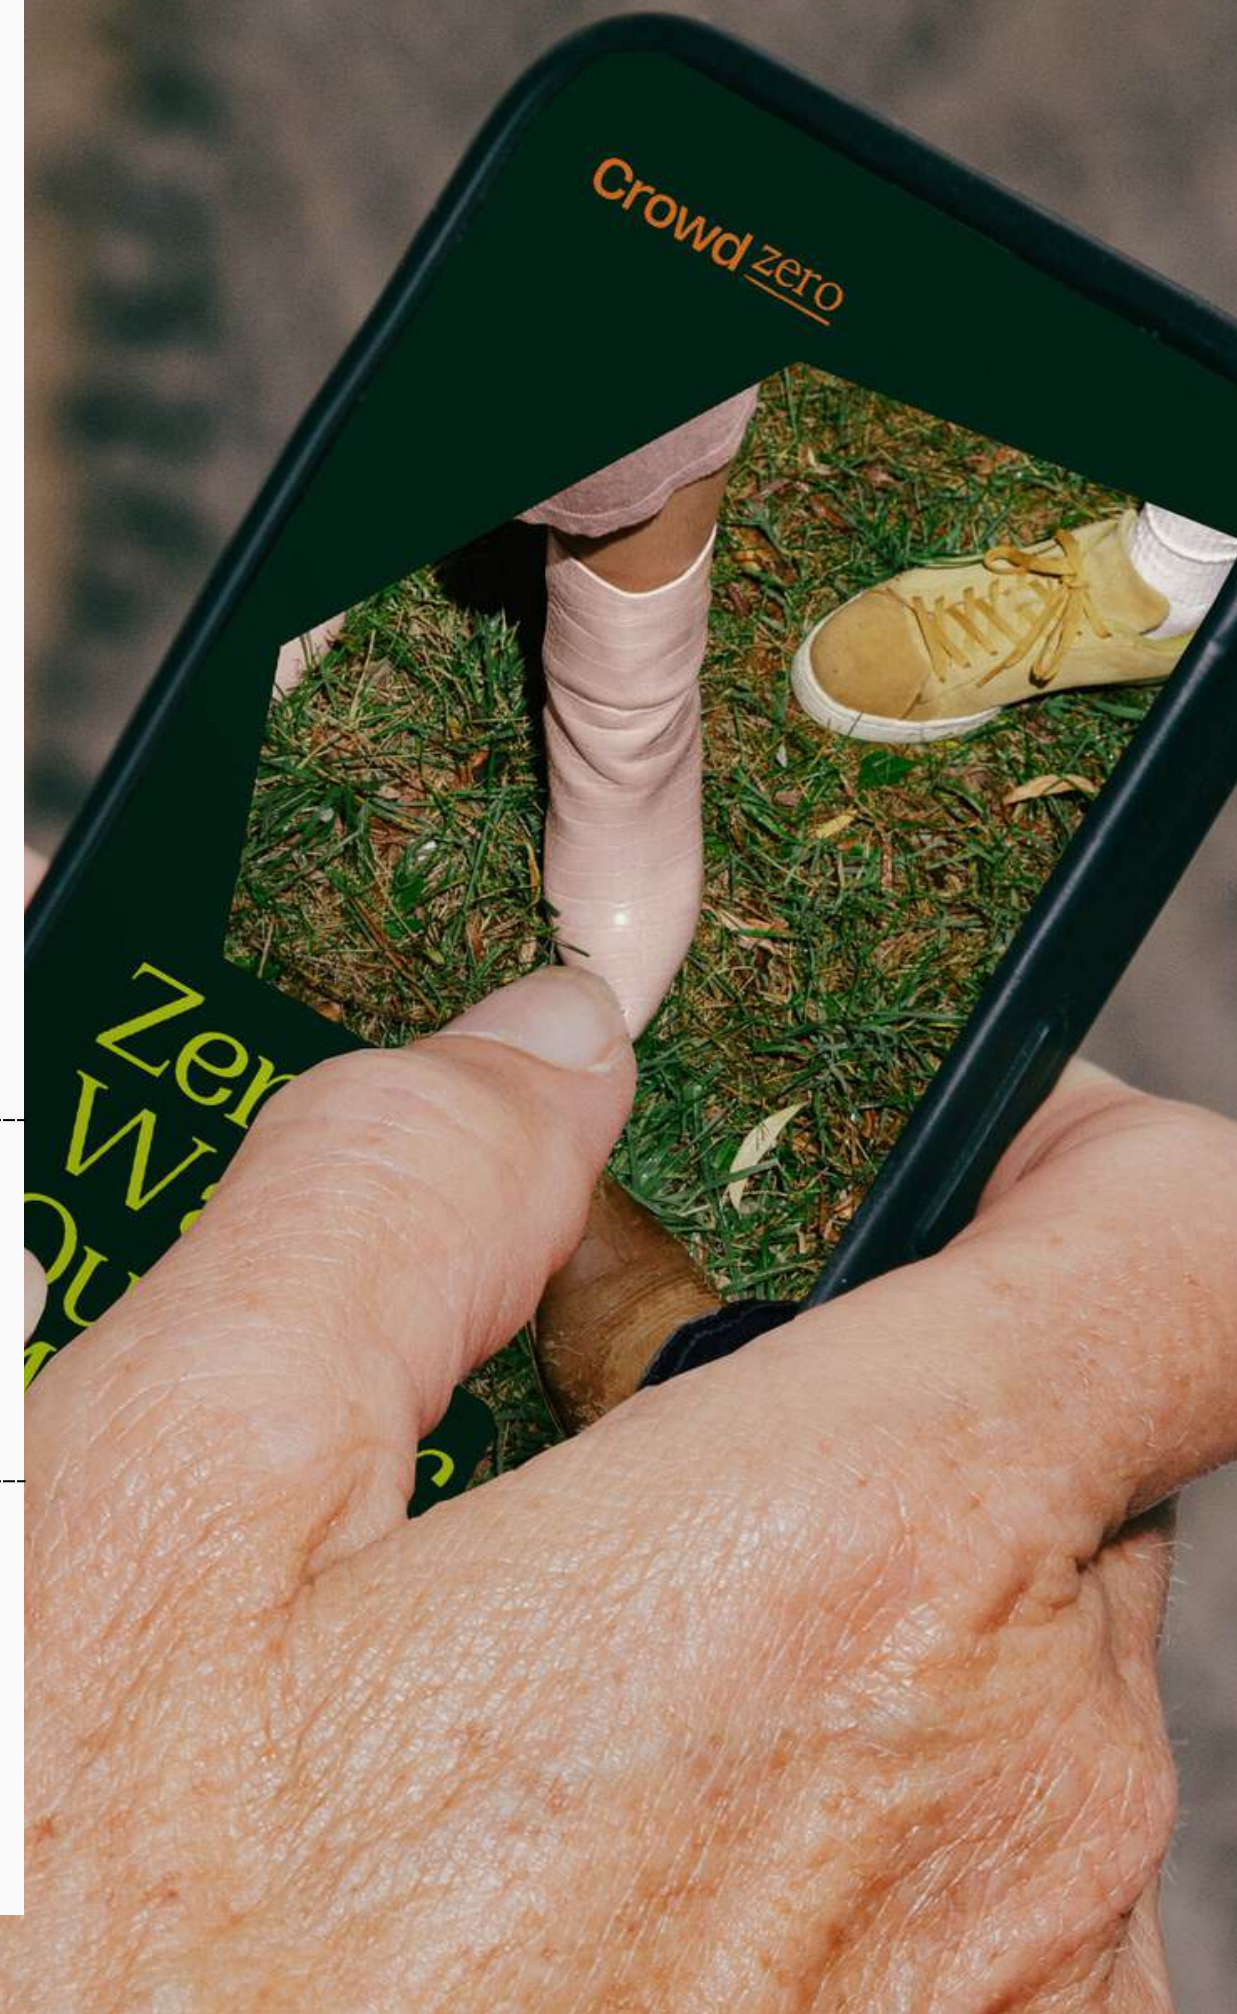

The followers are a very important aspect as they are the audience that sees the product, daily content, and promotions of the account.

GROW ENGAGEMENT RATE FROM ~2.39% TO 5%+

To create a bond with the followers, an interactive and engaging activity is needed.

STRENGTHEN BRAND AUTHORITY AND TRUST

To be able to stand out in the market, a brand should have a distinctive value to make the audience aware of its presence.

First Action Plan

BEAUTIFY FEED AND SPEND ADS

We will beautify the feed by arranging the best photos and layout design to shape a social media identity.

After the monthly feed has been set, we will spend on ads to reach more audiences by targeting the segment and location that we prefer.

Second Action Plan

HIRE INFLUENCERS

We will hire some influencers that have similar personalities to Rimberio Fashion to shape our brand image.

The influencers that we'd like to hire are Aaron Loeb, Dani Martinez, and Chad Gibbons.

Third Action Plan

CREATE GIVEAWAYS & GAMES

Engagement can be formed through a free action such as replying in the comment section and the private message. We'll also manage to do some giveaways and games this month to show an appreciation for those willing to follow and purchase our products.

A couple stands on a grassy lawn next to a swimming pool. The woman on the left wears a blue and white vertically striped short-sleeved shirt and white pants. The man on the right wears a light-colored short-sleeved shirt with a colorful abstract pattern and white shorts. In the pool, there are several beach toys: a pink inflatable ring, a yellow and white beach ball, a blue and white beach ball, and a red, white, and blue beach ball. The background shows a clear blue sky and green foliage.
